Good Morning Ms. Rasmussen-

This is a time-sensitive matter and as such I cannot grant an extension through the end of March. However, I understand that it can be quite a large task to gather the information requested. Therefore, EPA is willing to grant an extension until Friday, March 9, 2018.

Please respond to this email to confirm that you have received the extension date.

Sincerely,

Kris

Hello Ms. Leefers,

I signed for this certified mail on Tuesday, February 13, 2018. I have begun working on the response documentation required, however, I do not feel I will be able to complete the packet before the 21 day timeline has expired. I would like to request additional time to complete the packet, extending the deadline to March 30, 2018.

Please notify me as soon as possible if that extension request can be granted.

Thank you,  
Stacey
